## A B O U T M E

I'm an Android Developer, passionate about building great apps. For me app development is not just about coding, it's also about creating an awesome user experience. So far, I have worked on almost 2 Years in this sector and Developed some application. I specialize in Building and Designed high quality and cost effective Android apps. I have a creative mind and I am always up for new challenges. I try to learn something new every day. I want to solve real life problems in a creative and effective manner by enhancing my educational and professional skills.
